2. POUR

3. SERVE

The Coffee!

So far hotel room coffee has not been able
to give your guests a real good cup of cof-
fee! With the *Coffe Brewer* you can change
this at your hotel!

All the coffee are selected from the TOP
1% coffee's in the world and from named
coffee farms and cooperatives.

Choose from 3 "Finest Specialty" and 3
"Fairtrade/Organic"

The coffee has been chosen by a profes-
sional barista and slow-roasted in
"Growers Cup" own
micro-roastery.

Contact us for more information, or
ask for a visit. We will bring the
coffee and you will experience what
a real good cup of coffee can do
for your hotel and your guests!

Technology for your guests!

Today's hotel guests arrive with their own music, pictures, movie, video and game selections stored on their laptop, MP3 Player, iPod, iPad, or iPhone, Digital Camera, Gaming Device etc.

Make your guests feel even more at home by helping them getting access to their files through the in-room TV or Stereo system.

The "Pull-through"!

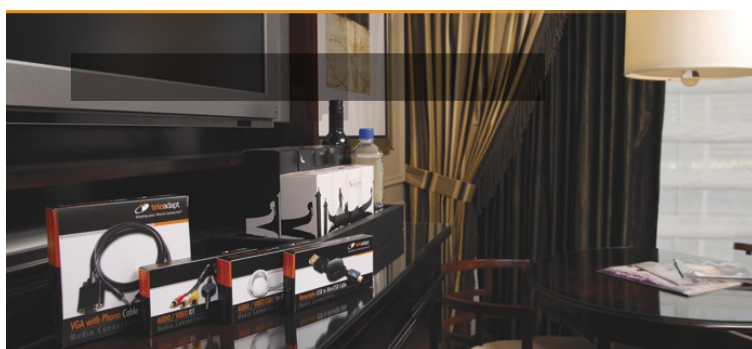

An affordable solution that lets your guests access music and movies stored on their iPod, iPhone or iPad

Gives your hotel room a permanent iPod®, iPhone® or iPad® charger!

Allows guests to play music and video on the in-room TV!

Built in security options help prevent theft of base and/or cable!

Can be custom branded with you hotel logo!

„Connectivity Cables”

Have you experienced that your guests have forgotten a cable or have taken the wrong one with them? With the connectivity cables the guest can now purchase the cable they need. Easy to sell „through the minibar”, in the reception or even through room service.

Find more at our [homepage](#) or contact us about the possibilities, prices and delivery times!
